ENDEAVORS REVIEW

FEBRUARY 2026 | ISSUE NO. 5

WELCOME TO THE ENDEAVORS REVIEW.

This is the month-in-review newsletter for Huron Academic Endeavors Education Center. Enjoy!

Donuts and Science Breaks Records

HAE's Donuts and Science student club is one of the best-loved student programs throughout the community.

And they broke records in February! More than 50 people were in attendance each week for February's activities! It was the first time we ran out of donuts!

Students met to learn hands-on weather science - including cloud formation, major weather events, weather instruments and more! Students worked together, made new friends and learned from each other.

Don't worry - we tripled our donuts budget, and we are reach for March! March is Robotics Science. We are taking a field trip to Black River Manufacturing and hosting a guest speaker who is bringing robotics for our students to use and test! Register [here](#).

Spring Gala 2026

Mark your calendars for an unforgettable evening of celebration and impact at our **Spring Gala 2026**, taking place on **Friday, May 1, 2026**, from **6:00–10:00 PM**.

As our largest fundraiser of the year, the Spring Gala is a joyful tribute to the accomplishments of the school year and a vital opportunity to support our students, programs, and future initiatives.

Guests will enjoy a vibrant and elegant atmosphere featuring:

- A delicious, chef-curated dinner
- Live music and dancing
- Exciting raffle prizes
- An open bar
- A glamorous red carpet entrance
- Professional photography capturing the entire evening

Funds raised during the Spring Gala directly support key school programs, student enrichment opportunities, and resources that enhance the educational experience for every student.

Tickets are available now. Find them [here](#). Find corporate sponsorships and raffle information [here](#).

Little Endeavors Hits The Road And Starts Reading

Little Endeavors hosted its first field trip of 2026 in February! We took over Discovery City with more than 15 moms and kiddos!

It was a fun morning of exploration and camaraderie. Discovery City is a great asset for our local families, with more than a dozen hands-on discovery stations for science, art and play.

And Little Endeavors kicked off Mama's Reading Club! The book list is life-changing, and the momma community is great! Find more LE and reading club info [here](#).

EHMS Holds Its Winter Community Service Day

Twice per school year, EHMS students take the day to volunteer. In February, EHMS partnered with Harbor Impact Ministries with volunteered for their Impact Day.

It is so encouraging to see our students, young and old, take their morning to give back! Students work hard, stock shelves, run errands for Harbor Impact workers, organize stock and assist Impact Day clients.

Thank you EHMS kids and parents! We are so proud of your efforts.

To Be...Oh - It Was!

The HAE Fine Arts team hosted another successful fine arts intensive in February. February's workshop was for hands-on children's theater. Local ThumbCoast Theaters professional, Brittany Smith, coached the workshop.

The morning started with decorating and creating paper puppets, and students were able to hold their own puppet shows! Brittany warmed up with name games and animal sounds games. And they worked together to act out a children's book, performing it for the parents in attendance.

Students had a great morning moving their bodies and using their imaginations. A child's creativity is boundless! Check out our remaining Fine Arts intensives [here](#).

Don't Forget About Basketball and Gym All-Around!

Our student athletes can't get enough of Basketball, 2026!

Students are playing basketball games, pickup games, practicing drills, conditioning, learning the rules and strategy of basketball and making new friends!

It is incredible to see how just a few weeks of practice can enhance a child's ability and confidence. And isn't that what sports are supposed to be about?

Gym All-Around allows for a time of flexibility and mobility training, as well as open gym free play. Many of our basketball students stay to practice even longer! Our athletes are moving their bodies and getting great exercise.

Sports and Skills Camps and Gym All-Around are rebalanced youth sports, designed to explore the world of athletics without breaking a family's budget or time! There are year-round sports for every student to enjoy! Find more information and registration [here](#).

A Look Ahead...

March is *gearing* up to be the best month yet for Donuts and Science! March is Robotics Science. We are taking a field trip to Black River Manufacturing and hosting a guest speaker who will bring hands-on robotics to us! Register [here](#).

Little Endeavors is continuing its 2026 Mama's Reading Room book club! Join Mama's Reading Room for monthly meetups (either virtually or in-person), a refreshments bar, the book of the month that you keep, a journal and mama community! See the book list and register [here](#).

Additional open-enrollment events include our next fine arts intensive - A Celebration of Clay. Adults and students are invited! Register [here](#). Athletics will continue its basketball camp. Register for Sports and Skills Camps [here](#)! And Athletics hosts Gym All-Around - for strength, stretching, mobility, games and open gym. It is FREE with your S&SC membership! RSVP [here](#). This is also a drop-in class for non-members.

EHMS students are taking their March field trip to The Blue Water Jump Zone. And they are getting a personalized flamenco guitar concert, performed by local professional, Mert Sela.

Additionally, Endeavors Advantage High School is hosting a guest speaker's series. Dr. Michael Schwartz is presenting on learning styles of typical and non-neurotypical students. It is a FREE event! Please RSVP [here](#).
