EHMS Cranes - A New School Year and New School Mascot!

Huron Academic Endeavors introduces the Endeavors Hybrid Microschool Cranes! Fly, Cranes - Fly!

HAE now has an official designation for our hybrid education program. We have registered this program with the National Microschooling Center as Endeavors Hybrid Microschool. And we added a school mascot!

Now, any student who attends our preschool program, our K-8 hybrid classes, our high school pod or our hybrid virtual program is officially a Crane!

We kicked off the school year with t-shirts for everyone! And we are looking forward to a great first school year as the Cranes!

Fly, Cranes - Fly!

Forest Endeavors Has A Tree For You!

Did you know you can adopt your very own tree in the Forest Endeavors woods?

Name it! Dedicate it! Watch it continue to grow!

You can help *grow* Forest Endeavors programming and student events; help us maintain our 11 acres of Forest Endeavors woods; and help add Forest Endeavors nature stations to our trails!

Each dedicated tree will be fitted with a metal plaque. They are designed to withstand the test of time.

For a one-time, $200 donation, you can be a part of the Blue Water Area's first and only forest school!

Visit the Forest Endeavors webpage for more information!

You can directly donate here. Our HAE administration team will follow up with your details!

Wild Things: A Day Camp for Young Learners

Forest Endeavors has outdoor, nature-based learning for preschool children!

Wild Things: A Day Camp For Young Learners, kicked off in September. But don't worry, you can still sign up! This class meets weekly - for the entire school year!

Your preschool-age student can practice numbers, letters, songs, rhymes, and read together - all while exploring the woods during morning hikes and scavenger hunts. Our students learn outdoors and hands-on - even in the winter!

You can register for Wild Things here.

EHMS Picks Apples and Makes Friends

It was the Third Annual McCullum's Orchard fall kickoff field trip! The weather was perfect. The apples were ripe. And the kids had a blast!

EHMS loves its fall trip to the apple orchard, and this year was no exception! EHMS students learned about caring for apple trees, the science behind the apple's star, and an apple tree's life cycle! We toured the orchard on a tractor ride and picked bags of apples.

Cider, donuts, the playground, and fun were had by all! We can't wait until next year!

EHMS Gathers the Grownups

Our beloved Administration Director, Jamie, works tirelessly to implement substantive, hands-on learning experiences for our students. And, now she is working directly alongside our parents and caregivers each month during our EHMS Parent Club meetings. Our grownups gathered in September to discuss educational philosophy in their homes. Refreshments and coffee were served alongside time for adult conversation and reflection! Thank you, Jamie!
