ENDEAVORS REVIEW

APRIL 2026 | ISSUE NO. 7

WELCOME TO THE ENDEAVORS REVIEW.

This is the month-in-review newsletter for Huron Academic Endeavors Education Center. Enjoy!

Some Like It Hot Indeed!

The HAE Fine Arts team had a hot April at the campus! Our April fine arts intensive was a hot-glass bead making demonstration and jewelry making.

HAE partnered with Melissa, from The Foundry, to bring hot glass to life for our fine arts students! Complete with a blow torch and thin, glass tubes, Melissa showed all of us how to gently and methodically melt glass, layer glass and curve it into a unique glass bead. She demonstrated several design techniques - making her glass beads truly unique and breathtaking - coming to live right before our eyes!

Our students and grownups then got to make their own bracelets, using uniquely-crafted glass and wooden beads! Everyone's projects were beautiful! And this workshop was a special experience for everyone! Thank you Foundry for joining us!

Summer Sponsorship Opprotunities

This summer at HAE, students will have more opportunities than ever to grow, lead, explore, and create!

We are excited to expand our Forest Endeavors woods programming, Summer Camp experiences, and High School Leadership Program (FELI) - giving students hands-on learning, outdoor adventure, teamwork opportunities, and leadership development all summer long.

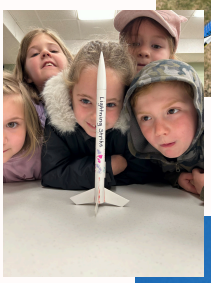
We're also thrilled to launch our Midsummer's Theater Camp! Students will work together to produce a straight play while learning the art of theater through acting, public speaking, stage direction, set design, production, collaboration, and more.

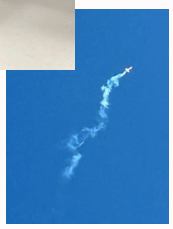
The program will help students build confidence, creativity, and communication skills in a fun and engaging environment.

As our summer programming continues to grow, sponsorship opportunities are available for individuals and businesses who would like to support these programs. Find more here.

EHMS Flies to the Moon

Our EHMS STEM special event was out of this world! Students teamed up with their classmates, assembeled and decorated model rockets! Even better, we got to see them in action!





Their rockets flew more than 1,200 feet into the air! Complete with engines, fins and more - students got hands on with science and engineering to assemble and glue their rockets.

We'd like to extend a huge thank you to the Wallace family who donated the rockets to us!

Bowling Scores a Strike

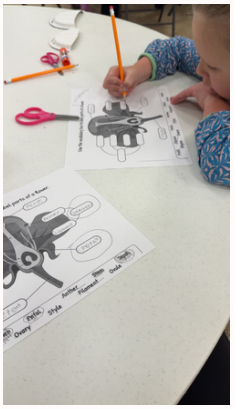
Two of HAE's student programs went bowling in April! First, our Sports and Skills Camps hosted a Bowling Mini Camp throughout the month of April. We would like to extend a huge thank you to our guest coaches - Coach Kris and Coach Ally!

Athletes met at Port Huron Lanes and got personalized coaching on ball weight, technique and bowling ediquette.

Secondly, our EHMS April field trip was to the Bowl-O-Drome in Port Huron! Many of our S&SC athletes got to practice their new skills. And grownups had fun playing as well!

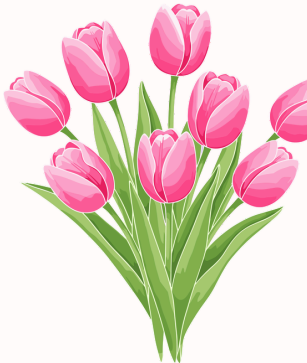
Donuts and Science Studies Plants

April was April showers - and the flowers - with the HAE Donuts and Science Club. The club studied Plant Science. And the projects were as hands-on as you can get, complete with dirt.



Students got hands-on with flowers to learn each of the parts and moved pollen with their homemade bug legs. We also learned about seeds - complete with dissecting seeds and planting seeds for each student to take home.

Don't forget to join us for our last month of Donuts and Science this school year! Register here.



Wild Things Hits Its Stride Outside

The preschool Wild Things class spent time in the expanded Forest Endeavors woods in April! As the weather became more mild, the kids jumped in rain puddles, practiced scavenger hunts, and studied tadpoles!

This class has spent more than 40 hours outside this school year! And, as they wrap up their school year in May, they will add 10 or more hours.

The Forest Endeavors classroom is a great place for kids to learn, get messy, play and explore! And we'd like to thank the wonderful teachers who led this Wild Things class all school year - Ms. Abigail and Ms. Iliana.

A Look Ahead...

May is open for business at HAE! The Spring Gala is Friday, May 1. Additionally, EHMS opens for fall registrations on May 1! Watch social media and our mailing list for details! Finally, our summer programming is also open for registration! Students will enjoy Forest Endeavors Summer Camp, Forest Endeavors FELI, A Midsummer's Theater Club and more! Find all the details and registrations here.

May will bring to a close many of our school-year activities. Donuts and Science wraps up with the study of entomology! Register here. Our last fine arts intensive of the school year is also in May. We are Painting with Van Gogh. Students and grownups will receive professional instruction and all materials to paint *Starry Night*, in the style of Vincent Van Gogh. Register here, and seats are limited!

Finally, EHMS students will enjoy their final field trip of the school year as well. We are headed to Sutherland Park for our annual pizza party picnic. Coach Joy is ready with Field Day activities for the students! We will have yearbooks, pizza and fun for all.

Sports and Skills Camps begins its summer Camp: Flag Football, 2026. Join Coach Joy at the HAE campus for 10 weeks of Flag Football instruction, practice and fun! All equipment, the grid iron, and coaching are included! Register for your summer all-access pass here.
