ENDEAVORS REVIEW

MARCH 2026 | ISSUE NO. 6

WELCOME TO THE ENDEAVORS REVIEW.

This is the month-in-review newsletter for Huron Academic Endeavors Education Center. Enjoy!

Basketball 2026 Was a Game Winner!

HAE Athletics offers Sports and Skills Camps for student athletes of all ages. Our first major Camp of 2026 was a 10-week basketball camp.

More than 15 students practiced basketball skills, ran drills for dribbling, passing, shooting, offense and defense - and learned teamwork along the way!

HAE Athletics Director, Coach Joy Lewandowski, coached and challenged students with exercises for each age group. And our athletes had a blast!

We are excited for our next Mini-Camp, Bowling 2026 (in April). Summer's camp will be Flag Football, 2026, held at the HAE campus.

Monthly memberships are available now. Sign up your student athlete for an all-access pass to weekly exploratory athletics! Available here.

Spring Gala 2026

Mark your calendars for an unforgettable evening of celebration and impact at our **Spring Gala 2026**, taking place on **Friday, May 1, 2026, from 6:00–10:00 PM**.

As our largest fundraiser of the year, the Spring Gala is a joyful tribute to the accomplishments of the school year and a vital opportunity to support our students, programs, and future initiatives.

Guests will enjoy a vibrant and elegant atmosphere featuring:

- A delicious, chef-curated dinner
- Live music and dancing
- Exciting raffle prizes
- An open bar
- A glamorous red carpet entrance
- Professional photography capturing the entire evening

Funds raised during the Spring Gala directly support key school programs, student enrichment opportunities, and resources that enhance the educational experience for every student.

Tickets are available now. Find them here. Find corporate sponsorships and raffle information here.

EHMS Students Enjoy a Musical March

EHMS was musical in March! The HAE Fine Arts team presented a special concert with professional flamenco guitarist, Mert Sela, for EHMS students. Students and grownups enjoyed classical flamenco guitar. And the beautiful music carried us all away. Students even found themselves dancing along!

The following week, EHMS upper elementary, middle and high school students attended the DSO educational series concert. They spent their school day emersed in live classical music! To quote one mom - “I love our school.”

Students and Grownups Celebrate Clay

The HAE Fine Arts team continued its winning streak in March with its March fine arts intensive - a hand clay-throwing workshop. We partnered with the Foundry to bring professional instruction and all the materials to the HAE campus.

Students and grownups were able to make multiple clay pieces with all the trimmings. And the Foundry glazed everyone’s work for a beautiful, finished product! We are thankful for their partnership and excited for the April fine arts intensive - hot glass blowing and glass beads. Register here.

EHMS Gets Jumpy!

March included a field trip to the Blue Water Jump Zone! EHMS students jumped and bounced the morning away. The Jump Zone is a great place to burn extra couped-up energy from the end of winter, and our students made the most of their time!

We are so thankful for students who are genuine friends and classmates. Everyone - young and old - enjoyed their time together. We can’t wait to go back next year!

Donuts and Science Hits the Road

The Donuts and Science Club studied robotics and engineering in March. For their first meeting, students and grownups took a field trip to Black River Manufacturing for a plant tour. Students saw robots at work, as well as other automated machines for creating automotive parts in a variety of different shapes and sizes.

This field trip was one of the greatest HAE has held. And the students coined it as “the coolest thing ever!”

In the following meeting, students created their own engineering projects with a variety of materials - from marshmallows and spaghetti to circuit stations, index cards, straws, magnet tiles and more. It was an incredible morning of pique hands-on STEM.

A Look Ahead...

April is a month of rest for HAE. We are thankful for our spring break and a week to reset. The entire campus closes for this week of relaxation. Outside that week, April is a busy month of preparation for summer! First, our Spring Gala tickets are on sale! The Gala is Friday, May 1. Get your tickets here. Additionally, EHMS opens for fall registrations on May 1! Watch social media and our mailing list for details! Finally, our summer programming opens for registration on April 1! Students will enjoy Forest Endeavors Summer Camp, Forest Endeavors FELI, A Midsummer’s Theater Club and more! Find all the details and registrations here.

Additionally, Donuts and Science will study Plant Science! Join us to study the parts of plants, a plant life cycle, planting seeds and more! Register your students here. Also, our April fine arts intensive will be a glass bead workshop! The morning will host a blown hot glass demonstration, individualized glass beads and a jewelry making workshop. Seats are limited! And grownups are invited to participate! Register here.

Sports and Skills Camps will start a Bowling 2026 mini camp throughout the month of April. Register here for your Sports and Skills Camp memberships!

The April EHMS field trip is to the Bowl-O-Drome! And EHMS students will fly to the moon with a morning of designing and testing model rockets.
